

CGM APRIMA

EHR and Practice Management

PRODUCT OVERVIEW

Aprima Electronic Health Record

The fastest and most flexible EHR available, giving users technology that supports and enhances clinical care and allows doctors to focus on their patients.

“The high level of efficiency we’re experiencing with the Aprima system is a tremendous result – and exactly what I was hoping to achieve with an EHR.”

DR. LINDSAY ACKERMAN
MEDICAL DERMATOLOGY SPECIALISTS*

BACK-TO-BACK SEGMENT WINNER

Small Practice Ambulatory EMR/PM

10 or Fewer Physicians

Aprima offers a uniquely fast, flexible, and powerful EHR designed to complement and simplify your workflow, not hinder it. Developed to work the way you do, the Aprima EHR frees you from the constraints of templates with an intuitive, free-flowing interface designed to follow the flow of a patient visit.

SETTING THE BENCHMARK FOR EASE-OF-USE, SPEED & FLEXIBILITY.

Aprima EHR follows you, instead of making you follow it. Chart your notes by chief complaints, problems, or previous visits for fast, intuitive documentation.

Adaptive Learning machine learning means that as you work, the Aprima EHR technology learns your style without special programming required.

Intelligent Navigation seems to read your mind, as the system presents clinically relevant findings based on presenting symptoms, diagnosis code, and your preferred treatments.

A single application, built on a single database, the Aprima EHR and Practice Management (PM) systems are fully integrated.

No network connection? No problem. Our unique Anytime, Anywhere Replication technology lets you work anywhere, anytime, with or without a connection. Hospital? Patient’s home? Nursing home? Your home? Wherever you are, you can work just as you would in the office; then the system automatically synchronizes information when connectivity is restored.

Goes where you go. Specifically designed to take advantage of tablet hardware, our Anytime, Anywhere Access technology, including the Aprima Mobile smartphone app, makes the most of touchscreens, smaller tablets, and even mobile phones.

About eMDs

eMDs combines leading technologies with tailored services to remove operational burden and empower healthcare providers to maximize the impact of their care. Founded by physicians, eMDs brings decades of expertise and understanding to our integrated electronic health records products, practice management software, revenue cycle management solutions, and credentialing services for medical practices and enterprises. With tens of thousands of deployed clients across a range of specialties and settings, eMDs extensive experience allows us to craft proven, transformative, solutions that meet the unique needs of healthcare organizations, enabling unmatched productivity and a superior experience for patients and practitioners alike.

**Expert Solutions.
Stronger Partners.
Healthier Patients.**

TAKE CARE OF PATIENTS WHEREVER LIFE TAKES YOU!

Why choose Aprima EHR?

- ▶ Built-in (and expandable) knowledge base covering 70+ specialties
- ▶ Integrated patient portal for faster new-patient registration, scheduling, and patient communications; the portal is developed by Aprima - not a third party plug-in - so you have greater control over the content
- ▶ Fast implementation: easy to install, easy to learn, easy to customize
- ▶ With a track record of success in meeting every government certification since 2006, to-date Aprima providers have received millions of dollars of stimulus payments
- ▶ Included MACRA functionality gives practices the flexibility to participate in MIPS or APM
- ▶ Technology options to suit your practice - choose traditional client/server installation or the ASP/SaaS hosted model
- ▶ Part of the complete Aprima system, including PM and Revenue Cycle Management (RCM) solutions that can help your financial performance be as good as your medical care
- ▶ Aprima Financing offers you one-stop shopping for all your software, support and technology financing needs

FIND THE PEACE OF MIND YOU'VE BEEN LOOKING FOR.

Join the thousands of Aprima users who are benefiting from:

Improved Quality of Care

- ▶ Health Maintenance tracking provides timely follow up
- ▶ Electronic Orders and Results help ensure nothing is missed
- ▶ eRx and Drug Interaction help avoid negative interactions

Improved Patient Satisfaction

- ▶ Tools such as data trending improve patient understanding and satisfaction
- ▶ Better access to chart data and test results helps improve communication
- ▶ Patient Portal offers patients convenient access to their medical information

Improved Quality of Life

- ▶ Improved workflow and efficiency reduce your daily stress
- ▶ More efficient charting creates more time for your patients and your family
- ▶ Anytime, Anywhere Access gives you the flexibility to leave the clinic but stay connected and productive

Improved Bottom Line

- ▶ More accurate coding, reduced rejections, and better billing and collections lead to higher reimbursements
- ▶ Reduced expenses generate higher net profits
- ▶ Many providers choose to see more patients with the time saved each day
